Basic Information

- Place of Origin: china
- Brand Name: Enook
- Model Number: Enook Battery Pack
- Payment Terms: TT PAYPAL

Product Specification

- Operating Temperature: -10 ~+50°C
- OEM/ODM: Acceptable
- Working Humidity: 65+-20%RH
- Size: 255*165*215mm
- Installation: IP65
- Product Name: Enook Battery Pack
- Capacity: 640Wh
- Working Altitude: ≤2500m
- Highlight: 12V50AH Lithium Ion Battery Pack ,
255*165*215mm Lithium Ion Battery Pack ,
6000 Cycles Lithium Ion Battery Pack

Product Description

Product Description:

The Enook Battery Pack is a high performance lithium ion electric bike battery pack designed to provide reliable and long-lasting power for your electric bike. With a cycle life of 3000-6000 cycles at DOD80%/25degree/0.5C, this battery pack is built to last and can withstand frequent charging and discharging cycles without losing its capacity over time.

Measuring 255*165*215mm, this battery pack is compact and lightweight, making it easy to install and transport. Despite its small size, the Enook Battery Pack has a large capacity of 640Wh, which means it can power your electric bike for long distances without needing to be recharged frequently.

Whether you have a 48v, 60v, or 72v electric bike, the Enook Battery Pack has you covered. With a 40ah battery pack, this lithium ion battery can deliver the voltage and current your electric bike needs to operate at peak performance.

The Enook Battery Pack is also designed to operate in a wide range of temperatures, from -10 ~+50°C. This means you can use your electric bike in extreme weather conditions without worrying about the battery pack malfunctioning or losing its capacity.

In summary, the Enook Battery Pack is a high-quality and reliable lithium ion electric bike battery pack that offers a large capacity, a long cycle life, and a wide operating temperature range. With its compact size and compatibility with 48v, 60v, and 72v electric bikes, this battery pack is an excellent choice for anyone looking for a durable and high-performance battery pack for their electric bike.

Features:

Product Name: Lithium Ion Battery Pack

Net weight: 9KG

Size: 255*165*215mm

Cycle life: 3000-6000 Cycles @ DOD80%/25degree/0.5C

Voltage/Capacity: Customized

Specification: 12V50AH

Suitable for: lithium ion electric bike battery pack

Compatible with: 48v 60v 72v 40ah battery pack

Brand Name	enook
Model Number	Lifepo4 Lithium Battery Packs
Battery Size	18650
Place of Origin	China
Weight	Customized
The charging ratio	50C
The discharge rate	100
Nominal Voltage	12V
OEM/ODM	Accepatable
Nominal Capacity	5Ah
Color	Black
Type	Li-Ion/lithium/lifepo4
Brand	OEM Customized
Weight	0.9KG
Features	High Power Density
Keywords	Lithium Ion /lifepo4 Battery Pack
Applcation	E-motorcycle

24V SERIES

50Ah/100Ah/200Ah

Applications:

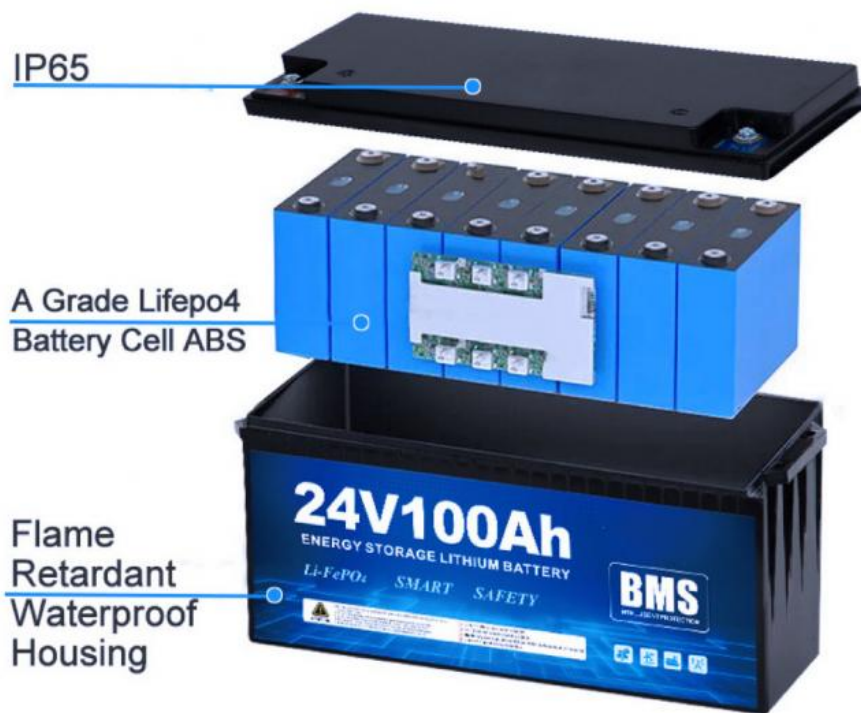

One of the most common applications for the Enook Battery Pack is as a Lithium Ion electric bike battery pack. With its customizable voltage and capacity, this battery pack can be tailored to meet the needs of any electric bike enthusiast. Whether you're looking for a 48v, 60v, or 72v 40ah battery pack, the Enook Battery Pack has you covered. With its high capacity of 640Wh, this battery pack can provide hours of uninterrupted power for your electric bike, allowing you to ride further and longer than ever before.

But the Enook Battery Pack isn't just limited to electric bikes. This versatile battery pack can also be used in a number of other applications. For example, it's a great choice for anyone who needs a reliable power source for camping trips, outdoor adventures, or emergency situations. Its compact size and lightweight design make it easy to transport, while its long-lasting power ensures that you always have the energy you need when you need it.

With its high-quality construction and reliable performance, the Enook Battery Pack is a top choice for anyone who needs a Lithium Ion battery pack. It's made in China, and is available with a range of different payment terms, including TT and PayPal. It's also designed to operate in a wide range of temperatures, from -10 to +50°C, making it a great choice for use in a variety of different environments and conditions.

Overall, if you're looking for a high-quality Lithium Ion battery pack that can be used in a range of different scenarios, the Enook Battery Pack is the perfect choice. With its customizable voltage and capacity, high capacity of 640Wh, and lightweight, portable design, it's a great choice for anyone who needs reliable power on the go.

PRODUCT COMPOSITION

Support and Services:

The Lithium Ion Battery Pack product comes with comprehensive technical support and services to ensure optimal performance and longevity. Our team of experts is available to assist with any issues or questions you may have, including:

Installation guidance

Troubleshooting

Warranty support

Replacement parts

Product upgrades and enhancements

In addition, we offer regular maintenance services to help extend the life of your Lithium Ion Battery Pack. Our maintenance services include:

Battery capacity testing

Cleaning and inspection

Performance optimization

Trust us to provide the technical support and services you need to keep your Lithium Ion Battery Pack running smoothly and efficiently.

Packing and Shipping:

Product Packaging:

The Lithium Ion Battery Pack will be carefully packaged in a sturdy cardboard box with foam cushioning to ensure that it arrives at its destination safely.

Shipping:

Our Lithium Ion Battery Pack will be shipped via a reputable courier service and will be fully insured during transit. Please ensure that the shipping address provided is correct and that someone is available to sign for the delivery.
